## MEDICARE GUIDE FOR EYECARE

### GENERAL RULES

You must pay the annual deductible toward any qualified health care before Medicare will pay for any services. After you meet your deductible, Medicare will pay 80% of the doctor's "approved fee". You will pay 20% as a co-payment, plus any non-covered fees.

If you have supplemental insurance (such as Blue Cross / Blue Shield), it may cover the cost of the deductible and co-payment.

Our office will bill Medicare and accept payment directly from them if the services qualify for coverage (see exceptions below). You are responsible for paying any non-covered services at the time of your office visit.

### SPECIAL EXCEPTIONS

- Medicare does not cover eyeglasses or contact lenses except for the first lenses following cataract surgery.
- Medicare does not cover the refraction part of the eye exam.
- Medicare may deny benefits if it feels you are receiving examinations too frequently or receiving exams by more than one doctor for the same illness.
